

CLAPHAM HOME

The upper floors of this Clapham Victorian home have been refurbished by Emma Green Design. The nursery was painted in a dark, calming blue colourway and mixed with a vibrant and fun animal wallpaper. In the loft a 'man cave' incorporates a home office, relaxing area with soft seating and storage. The walls and ceiling are in a cocooning dark racing green, with palm curtains, brass accents and a cool industrial easy chair.

This Victorian house in Clapham, London was designed by Emma Green Design. Photography by Veronica Rodriguez.
